

What TowneBank employees have to say

“

I just wanted to let you know that I love this website! I like the daily question, the topic of the month, the quizzes and games, and the great information that is available on all medical subjects. I love it all!

I have gone to this site many times to check on medical conditions and answer questions for myself and my family.

Thanks for a great website that keeps us healthy! Thanks to Towne for giving this great service to us!

What I love about EdLogics: It's the perfect and fun way to learn everything from preventing illness to living a healthy and happy life. My husband has diabetes and a genetic heart condition. I learned a lot to help him with diet and exercise. I just had surgery and did not want to take narcotics. Through EdLogics I learned a lot about medications and was able to take only what I needed. Everything on EdLogics will be helpful to someone in some way. And the best part is I won the year-end jackpot of \$5,000!!!

Every time I log onto EdLogics I learn something new! It's a fun way to learn about healthy ways of living. One of my favorite games is Fact or Myth, and I love to look for the fruits and veggies in the scavenger hunts! When I'm sick, I make sure to eat lots of broccoli because I learned from EdLogics that broccoli has more vitamin C than an orange! I have also won cash prizes just by playing the games on EdLogics, including the \$5,000 grand prize drawing for 2024! The cash is wonderful, but the knowledge I have acquired is priceless. Thank you EdLogics!
